

## Moodlab Entertainment Group

### Junior Audio Engineer Job description

Moodlab Entertainment Group Inc. is a BC based music entertainment company. We offer recording label, music publisher and music education services. We are looking for a talented and passionate audio or sound engineer for a three-to-six-month internship to assist with music production, editing, mixing, and mastering tasks for potential upcoming releases.

Full Time: 30hr/week, fully remote

Contract Length: 3-6 months

Expected Start date: April 3, 2023

Salary: \$20.00 - \$21.50 per hour

#### Requirements:

- Experience with Logic Pro, Ableton
- 1 Year Experience in Post-production for markets ready media products.
- Resides in BC
- Post-secondary Qualification in Audio Engineering or related field.

#### Duties:

- Sound design and audio editing, experience with Logicx Pro preferred.
- Audio post production processing. Proficiency in a mastering DAW required.
- Creative contributions to new music production and audio product projects
